18 YEARS RUNNING

AirPro fans are built for reliability and longevity. This backward inclined model has been collecting dust in a woodworking environment since 2008.

CUSTOM PRODUCTS

OUR SERVICES

- Air Performance Testing
- Reverse Engineering
- On-Site Startup Assistance
- Emergency Field Service

INDUSTRIES SERVED

- WOODWORKING & SAWMILLS
- METALWORKING & FABRICATION
- FOOD PROCESSING & GRAIN HANDLING
- CHEMICAL & PHARMACEUTICAL
- POWER GENERATION
- CUSTOM APPLICATIONS

DESIGN

- Airflow up to 750,000 CFM
- Static Pressure up to 140" wg
- Temperature up to 1800° F
- Computational fluid dynamics design
- Finite element analysis
- Lab tested for performance
- CE certified

MANUFACTURING OPTIONS

- CONSTRUCTION MATERIALS: carbon steel, stainless steel, nickel-based alloys, titanium, Monel, and aluminum
- Abrasion and corrosion resistance
- Explosion-proof, spark resistance, food grade
- FINISHES AND SEALS INCLUDING: Rubber, ceramic, Teflon, and custom options
